

Social Media Influencer

Are you a social media influencer looking for an opportunity to make more money?

We are looking for social media influencers to promote our business over social media using our marketing material on a commission basis.

We want strong social media influencers with the following attributes:

- 10,000 + followers
- An average post like of 100+ likes per post
- Someone with a strong branding image that represents the brand
 - Integrity based philosophy when it comes to promotion
 - Someone who is UK based

The commission package will start at £200 per learner for our Level 2 and Level 3 combination package rising to £250 per learner after 10 learners and £300 per learner after 20 learners.

The company will provide you with the marketing posts and tag you in posts throughout the year that we need you to re post as stories and/or as posts on your Instagram and other social media feeds. Once a learner comes through you and pays for their course, we will send you the referral fee straight to a nominated bank account of your choice at the end of that month.
